About The Inspection

Cada Pools and Spas will perform a complete on-site inspection of pool (and/or hot tub), liner, cover, pump, filter, heater, and chlorination system. The individual paying for the inspection will be the one receiving an official written report of the inspection signed off by Cada Pools and Spas. Cada Pools and Spas can only provide an estimated current life expectancy of pool and equipment. Inspection must be paid for in advance. We do not pressure test pools as part of the inspection. The inspection report will be sent via email within 24-72 hours after inspection has been completed.

Cada Pools and Spas requires authorization from seller before an inspection can be performed.
